1.a. Land Acknowledgement

The land is acknowledged as our Mother, the Earth. USask is committed to upholding the *Indigenous peoples, cultures, values, and languages that belong to the land of Treaty 6 Territory and Homeland of the Métis. USask is committed to working towards mending colonized lands and protecting the land in a way that demonstrates honor, respect, and love. USask extends this commitment to the lands and Treaty territories (Treaties 2, 4, 5, 6,7,8, 10) that constitute kisiskâciwan (Saskatchewan), and all Indigenous people that call kisiskâciwan home. We are born to the land and the land claims us.

1.b. deybwewin | taapwaywin | tapwewin: Indigenous truth

The name of this policy means truth – truth to self, truth to each other, truth to the ancestors and truth to the land. The intent of deybwewin | taapwaywin | tapwewin (Saulteaux, Michif, Cree) is to protect Indigenous truth and space for everyone.

1.c. Purpose

The deybwewin | taapwaywin | tapwewin policy provides a framework for the implementation of Indigenous membership/citizenship verification with documentation at the University of Saskatchewan.

The University of Saskatchewan is committed to safeguarding the cultures and integrity of Indigenous peoples, Indigenous values, and Indigenous languages within university business or activities.

It is recognized that the University of Saskatchewan is committed to transformative decolonization leading to reconciliation. In an effort to honour, protect and support Indigenous peoples, we establish this policy to safeguard Indigenous spaces, Indigenous voices, and Indigenous resources.

1.d. Principles

The development of this policy was an Indigenous led and informed taskforce that included Elders, Knowledge Keepers, cultural advisors, faculty, staff, students and community members. The policy will be guided by the sacred teachings that led the work of the taskforce: **respect, love, truth, humility, courage, honesty**, and bringing these teachings together to create grounded **wisdom**. Having the policy grounded in the sacred teachings inspires a respectful and inclusive space for those who utilize and engage with the deybwewin | taapwaywin | tapwewin policy.

The university is committed to achieving reconciliation which requires, and is not limited to, a recognition of Indigenous self-government, law, perspectives, and rights as critical components of relationships. The University of Saskatchewan is committed to Indigenization and has woven this thread into the University Plan 2025 and the Vision, Mission, and Values policy. The University of Saskatchewan is committed to achieving reconciliation which requires, and is not limited to, a recognition of the Indigenous right to determine their own membership/citizenship in accordance with their governance, customs, traditions, and procedures.

The seven fundamental commitments of the ohpahotân | oohpaahotaan (Let's fly up together), the Indigenous Strategy gifted to the University of Saskatchewan, will guide the policy implementation. The commitments of **Safety, Wellness, Stewardship, Representation, Right Relations, Creation, and Renewal** will guide the University of Saskatchewan in becoming not only the *University the World Needs*, but also embraces nīkānītān manācihitowinihk | ni manachīhitoonaan (Let us lead with respect).

For Indigenous membership/citizenship assertions that have occurred before this Policy came into effect, verification will also be required where there is reason to question the authenticity of that claim and where that prior assertion has resulted in material advantage, or where the absence of verification would be otherwise contrary to the principles recognized in this policy.

The verification of documentation process is described in the implementation procedures [see below] associated with this policy and recognizes the inherent rights of self-determination and self-governance of Indigenous communities. A Standing Committee will be constituted to support implementation.

The deybwewin | tapwewin | taapwaywin Standing Committee is accountable to:

1.j. Glossary

* Indigenous: the term Indigenous in this document reflects The United Nations Declaration on the Rights of Indigenous Peoples ([UNDRIP](#)) definition: “Indigenous peoples are inheritors and practitioners of unique cultures and ways of relating to people and the environment. They have retained social, cultural, economic, and political characteristics that are distinct from those of the dominant societies in which they live.” Further, UNDRIP describes the right of Indigenous communities to determine their own membership in accordance with their customs and traditions.

** Documentation: as defined by Indigenous governments and conveyed to the *deybwewin | tapwewin | taapwaywin* Standing Committee.

Implementation Plan

2. Indigenous membership/citizenship verification

The University of Saskatchewan’s *deybwewin | taapwaywin | tapwewin* policy provides a framework for the implementation of Indigenous membership/citizenship verification with documentation. The University of Saskatchewan is committed to safeguarding the cultures and integrity of Indigenous peoples, Indigenous values, and Indigenous languages within the university.

Verification with documentation can take many forms. These will be defined by Indigenous governments and conveyed to the *deybwewin | tapwewin | taapwaywin* Standing Committee. Examples of verification with documentation can be, and are not limited to, a letter from a community’s governance body, an Indigenous government-issued membership or citizenship card, or a status card issued by Indigenous Services Canada.

In situations where Indigenous government-approved documentation is not available, the *deybwewin | tapwewin | taapwaywin* Standing Committee will guide and support the individual and the university through a verification process.

3. Rationale

Membership/citizenship vs. identity

- We are not determining a person's identity.
 - Identity is personal, cultural, and multidimensional.
 - **This process is not about verifying a persons' identity.**
- We are seeking membership/citizenship verification with documentation.
- When referring to this policy and this work, do not use the word identity. Consistency in language is key.

Self-declare vs. verified (students only)

- Need for distinction in all reporting:
 - Reasons to continue to use self-declaration
 - Reporting of overall Indigenous **students** for grants, federal funding, rankings, etc. Without proceeding through the verification process students will NOT be eligible for Indigenous specific scholarships, awards, etc.
 - *Distinction must be added to differentiate between verified data and self-declared data.
- Simplistic explanation of this process
 - Two approaches:
 - Self-declare -NO access to any Indigenous *resources/spaces
 - Verified- access to Indigenous *resources/spaces

*Examples of Resources: scholarships, bursaries, Indigenous specific roles, Indigenous specific programs, etc.

All employees and students seeking Indigenous space

- Verification of documentation will be required for all incoming assertions of Indigenous membership/citizenship by members of the university community where that claim may result in a *material advantage or where the absence of verification would be otherwise contrary to the principles recognized in this policy. This would include, **but not limited to**:
 - students,
 - researchers,
 - post-doctoral fellows,
 - staff,
 - faculty,
 - institutional leadership,
 - members of governing bodies,
 - USask Board of Governors and Senate
 - Elders,
 - Cultural Advisors,
 - Knowledge Keepers,
 - and any person participating in university business or activities (e.g., service provider, contractor, volunteer).

* Material advantage includes, but is not limited to, scholarships, awards, bursaries, Indigenous specific positions, non-Indigenous specific positions, seats in Indigenous student programs, etc.

Recruitment (employment)

- Importance of consistency
 - Application Tracking System (ATS)

- Consistent wording on ALL job posting (use deybwewin | taapwaywin | tapwewin phrasing and language required by the Office of the Vice Provost Indigenous Engagement (OVPIE) through ConnectionPoint and the ATS)
 - Indigenous specific and non-Indigenous
- Consistent wording on all contracts for Indigenous specific positions.
 - Contingent on verification (use phrasing and language required by OVPIE through ConnectionPoint)
- Increased communications between systems across campus (i.e. ATS, Banner, ConnectionPoint, etc.)
- The online verification system and Office of the Vice Provost, Indigenous Engagement website are managed by the OVPIE.

4. Implementation Timeline:

- 1-5 years for complete implementation
 - Phase 1
 - Education: Presentations and webinars to key stakeholders.
 - Launch online system and website (February 2023)
 - Mandatory use of the Application Tracking System (ATS) for ALL hires (staff, faculty, students).
 - Work with all portfolios across campus on consistency and implementation.
 - Work through the evolution of improving the online verification system.
 - Begin volunteer verification (all those willing and ready to proceed).
 - Work with external Indigenous partners and seek agreements, MOU's, and Band Council Resolutions (BCR) supporting the Truth Policy. These agreements will outline the documentation each Indigenous government will ask USask to require.
 - Begin mapping potential data collection, usage and reporting.
 - Phase 2 (approx. September 2024)
 - Establish deadlines for verification process of administrators, staff and faculty.
 - Continue education across campus and targeted sessions for students and student support teams across the university.
 - Phase 3 (approx. January 2024)
 - Establish deadlines for verification process for students.
 - Continued education across campus.
 - Student information sessions.
 - Analysis of the process and informed changes of the system.

5. Process of Verification

- Applicant/employee will be directed to the verification website through the USask PAWS or Office of the Vice Provost Indigenous Engagement (OVPIE) website.
 - Resources for applicant/employees/students will be housed on the OVPIE website for reference.
- Applicant /employee/student will log into PAWS and navigate to the online verification system and proceed through the menu options and upload their documentation.
- Once the applicant /employee/student has completed navigating through and uploading documentation OVPIE will be notified via the online verification system.
- The Office of the Vice Provost, Indigenous Engagement will manage the verification process.

- The applicant /employee/student file will be reviewed only by select OVPIE staff. After review, the individual's file will be processed to either a *verified* status, or if additional attention is required they will be moved to a *pending* status where further action will be requested.
- v. The deybwewin | taapwaywin | tapwewin Standing Committee will be called for cases which may require special consideration.

The University of Saskatchewan recognizes and honours the sovereign right of Indigenous governments to determine membership/citizenship; membership/citizenship and documentation for verification is determined and defined by Indigenous governments.
 - In the situation where there is an absence of documentation due to displacement or collective organization, a signed/sworn notarized/legal affidavit outlining:

The decisions made by the Standing Committee, as directed by the policy, Provost, and university standards and with the guidance of the individual's community, cannot be overturned.

All members of the university community share the responsibility for upholding the policy to protect Indigenous space (e.g. Indigenous specific positions, funding, scholarships, etc.) for Indigenous people at the University of Saskatchewan.
